**Body blow for Britain's reputation as trusted ally of US tomorrow:**

In many respects, I wish to see a public debate on the national identity of these islands, and for a generation to come. We are a nation of immigrants and refugees, and it is time to acknowledge that.

---

**Let’s raise a glass to some welcome change**

here’s a room that you might recognize. The familiar sounds and smells of a pub aren’t familiar to all, but it is a place that many people prefer. It’s often a place to unwind and socialize after a long day of work. It’s a place to relax and enjoy a cold beer or a glass of wine. And there’s a tough for a general. We’ve got a good time here.

---

**TOMORROW: Bernhard Ingham**

**USA** — and the compactness of the nation, and the broadness of the country. Both the United States and the United Kingdom have a history of military intervention. The United States has been involved in numerous conflicts, including the Vietnam War and the Iraq War. The United Kingdom has a history of military intervention, including the Falklands War and the Iraq War.

---

**WAITING GAME:** Syrian children queue to collect a free meal in the northern city of Raqqa. The civilized world will have more blood on its conscience as the slaughter of the innocents continues.
