Dear Ms. Arundel:

It is a pleasure to accept your manuscript entitled "A pilot, feasibility randomized controlled parallel group trial of negative pressure wound therapy versus usual care in patients with surgical wounds healing by secondary intention" in its current form for publication in BJS Open. The comments of the reviewer(s) who reviewed your manuscript are included at the bottom of this letter.

Please note although the manuscript is accepted the files will now be checked to ensure that everything is ready for publication, and you may be contacted if final versions of files for publication are required.

Your article cannot be published until the publisher has received the appropriate signed license agreement. Once your article has been received by Wiley for production the corresponding author will receive an email from Wiley's Author Services system which will ask them to log in and will present them with the appropriate license for completion.

Payment of the Open Access Article Publication Fee:

All articles published in BJS Open are fully open access: immediately and freely available to read, download and share. BJS Open charges a publication fee to cover the publication costs. The corresponding author for this manuscript should have already received a quote with the estimated article publication fee; please let me know if this has not been received. Once your accepted paper is passed to production, the corresponding author will soon receive an e-mail inviting registration with or log in to the Wiley-Blackwell Author Services site (<http://authorservices.wiley.com/bauthor>), where the publication fee can be paid by credit card or an invoice or Pro Forma can be requested. Payment of the publication charge must be received before the article will be published online.

If your paper contains Supporting Information:

Materials submitted as Supporting Information are authorized for publication alongside the online version of the accepted paper. No further Supporting Information can be submitted after acceptance. It is the responsibility of the authors to supply any necessary permissions to the editorial office.

Thank you for your fine contribution. On behalf of the Editors of BJS Open, we look forward to your continued contributions to the Journal.

Sincerely,
Dr. Katy Darvall
Associate Editor, BJS Open
