J Public Health (Oxf) 2017; doi: 10.1093/pubmed/fox135

There was an error in the fifth sentence of the second paragraph of the Introduction. The correct sentence is:

In a pooled analysis of 12 population surveys in the UK, Semlyen *et al.*⁸ found adults who identified as LGB and ‘other’ were twice as likely to report symptoms of poor mental health, and younger LGB people were more at risk of suicidality and self-harm than those over 25 years old.

The online paper has been corrected.
