Table 1. PAR dataset

Date	Relevant PAR activities	PAR methods and participants	Data features
Nov. 2013:1	Research team meeting and training; research team background information sharing on Fijian public policy and informal settlement communities.	Welcome ceremony; team briefing and information sharing workshop.	Public documents, training materials and field guides, audio-recordings, meeting notes and daily summaries.
Nov. 2013:2	Research team rapport building with community actors; research team sharing project information; research team observing water-related locations and devices.	Welcome ceremony, participatory workshop and community-led transect walk. Participants: community actors.	Community artefacts, geo-located photographs, audio-recordings, videos, field notes, daily summaries and post-fieldwork reflections.
Nov. 2013:3	Community actors sharing information on resource-control constraints and restrictions that impact community health and wellbeing.	Focus groups. Participants: community actors.	Audio-recordings, videos, field notes, daily summaries and post-fieldwork reflections.
Aug. 2014:1	Enabling actors sharing information on resource-control constraints and restrictions, and the capacity of the enabler-led marketing system to adequately meet water consumption needs in community.	In-depth interviews. Participants: enabling actors.	Public documents, contact lists, audio-recordings, field notes, daily summaries and post-fieldwork reflections.

Aug. 2014:2	Community actors sharing information on the capacity of the system to adequately meet water consumption needs in community.	Welcome ceremony, participatory workshop and community-led transect walk. Participants: community actors.	Community augmented Google satellite images, audio-recordings community artefacts, videos, geo-referenced photographs, field notes, daily summaries and post-fieldwork reflections
Sep. 2014	Community actors sharing information on important water-related system actors, value exchange mechanisms and tangible water devices in community.	Participatory household interview and mapping. Participants: community actors.	Participatory household water marketing system maps, audio-recordings, field notes, daily summaries and post-fieldwork reflections.
Oct. 2014	Community actors sharing information on water-related practices and activities in community.	Diary study. Participants: community actors.	Water, sanitation and hygiene diaries
Dec. 2014	Research team collating and aggregating water marketing systems maps.	Systems mapping. Participants: research team.	Water marketing system maps and accompanying narratives.
Feb 2015:1	Research team meeting with enabling actors to prepare for a joint meeting with community actors.	Participatory workshop. Participants: enabling actors.	Water marketing systems maps, audio-recordings, videos, field notes, daily summaries and post-fieldwork reflections.
Feb. 2015:2	Research team meeting with community actors to prepare for a joint meeting with enabling actors.	Participatory workshop. Participants: community actors.	Water marketing systems maps, audio-recordings, videos, field notes, daily summaries, post-fieldwork reflections and community actors

			action plan.
Feb. 2015:3	Community actors sharing information on how access and control of resources to adequately meet water consumption needs has progressed in community.	Focus group and community-led transect walk. Participants: enabling actors, community actors.	Audio-recordings, photos, videos, field notes, daily summaries and post-fieldwork reflections.
Feb. 2015:4	Joint meeting between community actors and enabling actors to establish an action plan and joint forum.	Participatory workshop. Participants: enabling actors, community actors.	Audio-recordings, videos, field notes, daily summaries and post-fieldwork reflections.
Feb. 2015:5 (onwards)	Community and enabling actors participating in the joint forum.	Joint forum meetings and interactions. Participants: community actors and enabling actors.	Meeting minutes, private social-media site, photographs, progress updates and comments.
Nov. 2015:1	Community actors sharing information on changes they have observed since the PAR project began, and their experiences of being involved.	In-depth interviews and focus group discussion. Participants: community actors	Audio-recordings, photos, field notes, daily summaries and post-fieldwork reflections
Nov 2015: 2	Enabling actors sharing information on changes they have observed since the PAR project began, and their experiences of being involved.	In-depth interviews. Participants: enabling actors.	Audio-recordings, field notes, daily summaries and post-fieldwork reflections.

Aug. 2016:1	Retailers and Consumer Council sharing information on how they could better support community actors to meet water consumption needs in community.	In-depth interviews. Participants: enabling actors.	Audio-recordings, field notes, daily summaries and post-fieldwork reflections.
Aug. 2016:2	Research team observing water-related landmarks and locations in the enabling environment.	Community-led transect walk. Participants: community actors.	Photos
Aug. 2019	Research team engaging in a final critical reflection on water consumption needs in community.	Critical Reflection. Participants: research team.	Complete dataset
