Appendix 1: Semi-structured interview guide

Can you tell me about the use of alcohol by adults in the school?

e.g. Recreation, celebration, fundraising purposes

What do you think is the role of alcohol in the school?

e.g. Participation, cultural factors

How do school leaders (staff, school council members) make decisions about alcohol use in the school?

e.g. Health promotion guidelines, policy, legislation, historical factors, community/personal beliefs, attitudes

How well equipped do you think school leaders are when they make these decisions?

e.g. knowledge related to law, health, alcohol-specific research

What (if anything) do students see as a result of these decisions?

e.g. fit with health promoting schools approaches

What (if anything) might assist schools in these matters?

e.g. further guidance, specific education intervention, decision matrix?
