Correction to: A review of analytical methods for assessing preservation in waterlogged archaeological wood and their application in practice

Kirsty E. High*  and Kirsty E. H. Penkman

Correction to: *Herit Sci* (2020) 8:83

<https://doi.org/10.1186/s40494-020-00422-y>

Following publication of the original article [1], it was reported that the caption for Fig. 4a erroneously stated that it showed soft rot decay. In fact, the image shows decay by erosion bacteria. The caption for Fig. 4a has been amended and the original article has been updated.
