

Working Group 1: Create a guide on what works well for inclusion

What is your outcome or key impact you want to see?

(we cannot fix it all what is within our gift right now?)

The message that needs to be heard or area of focus (keep it clear/short)

Who is the target audience that needs to hear what we have found in our research for it to have impact?
Be specific!

The actions that need to happen (what do you need to do and how long will this take? Be specific!

-
-
-
-

Who needs to be involved? (inside and outside of the project team)

When things will happen (what order do they need to happen in, any deadlines or target dates)

A 'shopping list' of anything needed to make this happen (information, support, materials, expertise)

Questions or issues that need answering or sorting out before the plan can be actioned

Feedback and questions from wider project team members

Working Group 2: Report on barriers to inclusion

What is your outcome or key impact you want to see?
